Section 1.3.3 Declarant Easements. Declarant hereby reserves to itself and to such other Person as Declarant may, from time to time, designate in writing, a perpetual easement, privilege and right in and to, over, under on and across the Properties, for ingress, and egress as required by its employees, agents, independent contractors, invitees and designees; provided, however, that such access and use is not to unnecessarily interfere with the reasonable use and enjoyment of these Properties by the Owners. Declarant reserves the right to impose further restrictions and to grant or dedicate additional easements and rights-of-way on any of the Properties including, but not limited to, easements for street lights and signage for the benefit of homebuilders constructing Living Units in the Properties. The easements granted by Declarant shall not unreasonably interfere with the enjoyment of the Properties.

Section 1.3.8 Drainage Easements. Each Owner covenants to provide easements for drainage and water flow, as contours of land and the arrangement of Improvements approved by the ACC require. Declarant reserves across the rear five feet (5') of each Lot an easement for water drainage, as contours of land and the placement of Improvements on the Lots require. Each Owner covenants not to disturb or displace the drainage easement by planting any trees or other vegetation within the drainage easement which would divert, increase, accelerate or impede the natural flow of water over and across such easements.

Section 1.3.9 Universal Easement. Each Lot within the Properties and the Owner of such Lot are hereby declared to have an easement on adjoining Lots not to exceed two (2) feet in width from the common property line of such Lots for the purpose of maintaining, moving and repairing any Improvement, such as a fence, that encroaches over the boundary line of a Lot due to inadvertent surveying errors, inadvertent engineering errors, errors in original construction, settlement or shifting of the Improvement, or any other cause. Declarant hereby reserves the same two (2) feet in width easement over all Lots and over all Common Areas for the purpose of maintaining and repairing improvements constructed by it that encroach onto adjoining Lots or Common Areas. However, the benefits of the easements reserved or created in this Section 1.3.10 shall not be available with respect to an encroachment occurring due to willful misconduct of any Owner.

No Member shall have any direct interest in the funds and assets of the Association, but shall have only a membership interest therein which shall not be assigned, hypothecated or transferred in any manner except as an appurtenance to the Owner's interest in the Properties. **Membership in the Association shall be mandatory and shall continue so long as this Declaration is in effect.**

Section 2.2.4 Declarant Rights in the Association. Declarant shall be entitled to appoint one (1) member of the Board for as long as Declarant owns two or more Lots. During the time Declarant is entitled to appoint a member of the Board, whether Declarant exercises that right of appointment or not, the Board and the Association shall have no authority to, and shall not, without the prior written consent of Declarant, undertake any action which shall:

Section 2.4.1. Creation of the Lien and Personal Obligation of Assessments. Declarant, for each Lot owned by it within the Properties, hereby covenants, and each Owner shall be deemed to covenant and agree to pay to the Association: 1) Annual Assessments and charges for the Common Facilities and Common Area; 2) Special Assessments for capital improvements to the Common Area, Sedimentation Pond(s) and Common Facilities; and 3) Individual Assessments, such assessments to be fixed, established, and collected from time to time as hereinafter provided. The Annual Assessment, Special Assessment and Individual Assessment, together with such interest thereon and costs of collection thereof as are hereinafter provided, shall be a charge on the land and shall be a continuing lien upon the Lot against which each such Assessment is made. Each such Assessment, together with such interest thereon and cost of collection thereof as hereinafter provided, shall also be the personal obligation of each Person who was an Owner of such Lot at the time when the obligation became due.

Section 2.4.2. Purpose of Assessments. The Assessments levied by the Association shall be used for the purpose of enforcing the Declaration, promoting the values and amenities of the Properties, and in particular, for the improvement, replacement, maintenance and operation of the Public Rights-of-Way, Common Facilities and Common Area, services and facilities devoted to this purpose and related to the use and enjoyment of the Common Facilities and Common Area by the Members. The Board of Directors may set aside part of the Annual Assessments as a reserve for the replacement or maintenance of Common Area, Common Facilities and Sedimentation Pond(s).

Section 2.4.3. Basis of Annual Assessments. The Annual Assessment for both Improved and Unimproved Lots shall be determined by the Board of Directors in the manner provided for herein after determination of current maintenance costs and anticipated needs of the Association during the year for which the Annual Assessment is being made. The Annual Assessment for Unimproved Lots shall be one-half (1/2) the Annual Assessment for Improved Lots. In order to maintain the Common Area and sustain the services contemplated by Declarant, Declarant anticipates that during the period of time prior to the date that all Lots become an Improved Lot, it may, in its discretion, provide amounts in excess of the funds raised by the Annual Assessments in order to maintain the Common Area within reasonable standards. If Declarant advances funds for maintenance in excess of the Annual Assessments, such excess shall be a debt of the Association to Declarant payable out of any Annual Assessments or Special Assessments received by the Association. The Board may evidence such debt with a promissory note from the Association payable to Declarant on such terms as the Board shall determine.

Section 2.4.4. Special Assessments for Capital Improvements. The Association may levy, in any calendar year, a Special Assessment for the purpose of defraying, in whole or in part, the cost of any construction or reconstruction, unexpected repair or replacement of a capital improvement on or which is a part of the Common Facilities or Common Area, provided that any such Special Assessments shall have the assent of two-thirds (2/3) of the votes of the Members who are voting in person or by proxy at a meeting duly called for this purpose.

Section 2.4.5. Change in Annual Assessments. The Annual Assessment may be adjusted by majority vote of the Board of Directors but shall not be increased by more than twenty-five percent (25%) above that of the previous year without a vote of the membership. Any increase in the Annual Assessment of more than twenty-five percent (25%) above that of the previous year shall require approval of two-thirds (2/3) of the votes of the Members who are voting in person or by proxy at a meeting duly called for that purpose.

Section 2.4.6. Quorum for Any Action Authorized Under Sections 2.4.4 and 2.4.5. The quorum required for any action authorized by Sections 2.4.4 and 2.4.5 hereof shall be as follows: At the first meeting called, the presence at the meeting of Members, or of proxies, entitled to cast sixty percent (60%) of all the votes of each class of membership shall constitute a quorum. If the required quorum is not forthcoming at any meeting, another meeting may be called, and the required quorum at any such subsequent meeting shall be one-half (1/2) of the required quorum at the preceding meeting, provided that such reduced quorum requirement shall not be applicable to any such subsequent meeting held more than sixty (60) days following the preceding meeting.

Section 2.4.7. Date of Commencement of Annual Assessments. The Annual Assessments provided for herein shall commence on a date set by the Board of Directors and if the Board does not set the date of the Annual Assessment then the Annual Assessment shall commence on the date the first Living Unit in the Properties is conveyed to a Member who will occupy the Living Unit. The Annual Assessments for each calendar year shall become due and payable and shall be collected as the Board of Directors of the Association shall determine. The amount of the Annual Assessment which may be levied for the balance remaining in the first year of assessment shall be an amount which bears the same relationship to the Annual Assessment provided for in Section 2.4.3 hereof as the remaining number of months in that year bears to twelve. When a Lot becomes an Improved Lot after the Annual Assessment for it as an Unimproved Lot has been paid, there shall be payable as of the first day of the month following the month when it becomes an Improved Lot, a sum equal to the difference between the Annual Assessment for Unimproved Lots and the Annual Assessment for Improved Lots prorated over the balance of the year then remaining. The due date of any Special Assessment under Section 2.4.4 hereof shall be fixed in the resolution authorizing such assessment.

Section 2.4.8. Individual Assessment. Upon an affirmative vote of a majority of the members of the Board of Directors of the Association, the Association may levy Individual Assessments against any Owner for reimbursement for maintenance or repairs, for other than ordinary wear and tear, occasioned by the willful or negligent acts of such individual Owner or such Owner's family, pets, tenants or other occupants of such Owner's Lot, for maintenance or repair to the Owner's Lot or improvements thereon in accordance with Section 2.5.1 and Section 4.6.5 hereof, and for any other cost incurred by the Association in performing the obligations of the Owner under this Declaration.

Section 2.4.9. Duties of the Board of Directors. Prior to the beginning of each fiscal year for the Association, the Board shall estimate the expenses to be incurred by the Association during such year in performing its functions under this Declaration, including a reasonable provision for contingencies and appropriate replacement reserves, less any expected income and any surplus from the prior year's fund. If in any year the Board fails to set an Annual Assessment for such year, the Annual Assessment shall be deemed to be the same as the Annual Assessment for the preceding year. Assessments sufficient to pay such estimated net expenses shall then be levied by the Association as herein provided, and the amount of such Assessments as determined by the Board shall be final and binding so long as such determination is made in good faith. All such regular Assessments shall be due and payable to the Association at the beginning of the fiscal year for the Association for which such Assessments are payable, or during such fiscal year in equal quarterly installments on or before the first day of each quarter, or in such other manner as the Board may designate in its sole and absolute discretion. Written notice of the Assessment shall thereupon be sent to

every Member subject thereto. The Association shall upon demand at any time furnish to any Member liable for said Assessment a certificate that shall be conclusive evidence of payment of any Assessment therein stated to have been paid conditioned on the payment by Owner of a reasonable fee to the Association.

Section 2.4.10. Effect of Non-Payment of Assessments; The Lien; Remedies of the Association. If the Assessments are not paid on the date when due (being the dates specified in Section 2.4.7 hereof) then such Assessment shall become delinquent and shall, together with such interest thereon and cost of collection thereof provided, thereupon become a continuing lien on the Lot which shall bind such Lot in the hands of the then Owner, his heirs, devisees, personal representatives and assigns. If the Assessment is not paid within thirty (30) days after the delinquency date, the Assessment shall bear interest from the date of delinquency at the highest rate of interest permitted by law, and the Association may bring an action at law against the Owner to pay the same or to foreclose the lien against the Lot, or foreclose on the Lot as provided in Section 2.4.11 and there shall be added to the amount of such Assessment all reasonable expenses of collection including the costs of preparing and filing the complaint, reasonable attorney's fees (as limited by the Texas Property Code) and costs of suit. Notice of the lien referred to in this Section may be given by the recordation in the office of the county clerk of Bexar County, Texas, of an affidavit, duly executed, acknowledged by an officer of the Association, setting forth the amount owed, the name of the Owner or Owners of the affected Lot, according to the books and records of the Association, and a legal description of such Lot.

Section 2.4.11. Nonjudicial Foreclosure.

A. To secure the payment of Assessments and to ensure compliance with the applicable covenants, conditions, restrictions and easements set forth herein, each Owner, upon acceptance of his or her deed to a Lot governed by this Declaration conveys the Lot to the Trustee hereinafter named, in trust for so long as these covenants, conditions, restrictions and easements shall remain in effect, such conveyance operating as a Special Deed of Trust. If an Owner fails to tender payment of any Assessments when due and such failure continues after the Association gives the Owner notice of the failure and the time within which it must be cured, as may be required by law or by written agreement, then the Association, as the Beneficiary of this Special Deed of Trust may:

- (1) Request the Trustee appointed herein, or his successor, to foreclose the liens created herein, in which case the Association shall give notice of the foreclosure sale as provided by Section 51.002 et seq of the Texas Property Code then in effect or any successor statute thereto; and

(2) Purchase the Lot at any foreclosure sale by offering the highest bid and then have the bid credited to the reimbursement or satisfaction of the outstanding indebtedness owed to the Association.

B. If requested by the Association to foreclose this lien, the Trustee shall:

(1) Either personally or by agent give notice of the foreclosure sale as required by Section 51.002 et seq of the Texas Property Code then in effect or any successor statute thereto;

(2) Sell and convey the Lot to the highest bidder for cash with a general warranty binding the Owner, subject to prior liens and to other exceptions to conveyance and warranty; and

C. From the proceeds of the sale, pay, in this order:

(1) expenses of foreclosure, including a commission to Trustee of five percent (5%) of the successful bid;

(2) to the Association, the full amount advanced, attorney's fees, and other charges due and unpaid;

(3) any amounts required by law to be paid before payment to the Owner; and

(4) to the Owner, any remaining balance.

D. Ronald W. Hagauer, Attorney at Law, is appointed Trustee for the purpose of enforcing the covenants, conditions and restrictions imposed by this declaration, and also for the collection of Assessments. The Association, as Beneficiary, may appoint in writing a substitute or successor trustee, succeeding to all rights and responsibilities of the Trustee appointed herein.

E. From and after any such foreclosure, the occupants of such Lot shall be required to pay a reasonable rent for the use of such Lot and such occupancy shall constitute a tenancy-at-sufferance. The purchaser at such foreclosure shall be entitled to the appointment of a receiver to collect such rents and, further, shall be entitled to sue for recovery of possession of such Lot by forcible detainer without further notice.

F. The Association shall send written notice to the Owner of the Lot subject to the foreclosure as required by Texas Property Code Section 209.010 and comply with the redemption rights as required by Texas Property Code Section 209.011.

G. It is the intent of the provision of this section to comply with the provisions of Texas Property Code Section 51.002, relating to nonjudicial sales by power of sale and Texas Property Code Chapter 209 relating to residential subdivisions and, in the event of the amendment of Section 51.002 and Chapter 209 hereafter, which amendment is applicable hereto, the President of the Association, acting without joinder of any Owner or mortgagee of any Owner, and by amendment to this Declaration filed in the office of the County Clerk of Bexar County, Texas, may amend the provisions hereof so as to comply with the amendments to Section 51.002 or Chapter 209.

H. Any liens created by this Declaration shall be superior to all other liens and charges against any Lot covered hereby, save and except ad valorem tax liens and all sums secured by an enforceable purchase-money mortgage or enforceable home-improvement mortgage.

Section 2.4.12. Subordination of the Lien to Mortgages. The lien of the Assessments provided for herein shall be subordinate to the lien of any mortgage or mortgages now or hereinafter placed upon the Lots subject to assessment, provided, however, that such subordination shall apply only to the Assessments which have become due and payable prior to the sale or transfer of such Lot pursuant to a decree of foreclosure, or any other proceeding in lieu of foreclosure. Such sale or transfer shall not relieve such Lot from liability for any Assessments thereafter becoming due, nor from the lien of any such subsequent Assessment.

Section 2.4.13. Origination Fee. An origination fee in the sum of \$200.00 shall become due and payable and collected on the date of the transfer of the Lot with the newly constructed Living Unit to the new occupant. The new occupant shall be responsible for the payment of the origination fee. The origination fee shall be used by the Association for capital expenditures approved by the Board.

Section 2.4.14. Exempt Property. The charges and liens created herein shall apply only to the Lots, and the remainder of the Properties shall not be subject thereto.

Section 2.4.15. Transfer Fee. A transfer fee in the sum of \$100.00 shall become due and payable and collected on the date of the transfer of the Lot and Living Unit to the new owner. The new owner shall be responsible for the payment of the transfer fee. If an

origination fee (as provided in Section 2.4.13 above) is paid on the transfer of a Lot and Living Unit then the transfer fee will be waived. The transfer fee shall be used by the Association for capital expenditures approved by the Board. The transfer fee is different from the transfer fee a management company may charge for its services.

The ACC shall consist of three (3) regular members: the chairman of the ACC (“Chairman”) and two (2) regular members to be appointed by the Chairman within ten (10) days following his appointment. A majority of the Committee may designate a member to act for it. The ACC may also include up to two (2) alternate members, each of whom shall be appointed by the Chairman and may be authorized by the Chairman to attend any meeting of the ACC in the absence of any regular member and to vote on all matters that come before the ACC at such meeting. The ACC also may include up to two (2) associate members, which will be appointed by the Chairman, any and all of whom may be authorized to attend such meetings as the Chairman shall specify and to participate in any discussion at such meetings, but not to vote on any matters. In the event one (1) of the members of the ACC other than the Chairman is removed, resigns or is no longer able to serve as a member, the Chairman shall appoint a new member of the ACC so that there will continue to be three (3) regular members of the ACC. A record of the members of the ACC shall at all times be kept at the offices of the Association or Declarant and such information shall be provided to any Owner or prospective purchaser of any Lot upon request. Members of the ACC need not be officers, directors nor members of the Association. Members of the ACC shall be reimbursed for reasonable out-of-pocket expenses incurred in their capacity as members of the ACC.

Section 3.2.2. Chairman. The Appointing Authority hereby appoints Terry Jermolajevs to be the first Chairman. The Appointing Authority shall have the right to remove the Chairman and any and all other members from the ACC at any time for any reason, with or without cause. Any successor Chairman of the ACC shall be appointed by Appointing Authority. As of January 31 of each year, the Appointing Authority shall review the composition of the members of the ACC and shall either re-appoint the Chairman or shall appoint a new Chairman.

Section 3.2.3. Term of Office. Each member of the ACC, regular, associate or

alternate, shall hold office from the date of his appointment until January 31 of the succeeding calendar year, and thereafter until such time as a successor has been appointed, unless such member sooner resigns or is removed.

Section 3.2.4. Staff and Consultants. The Appointing Authority may also appoint staff and consultants to the ACC, including, but not limited to architects, landscape architects, planners, engineers, attorneys and other individuals whose knowledge or skills will assist the ACC in carrying out its functions.

Division 3.3 Approvals Required. No Improvements shall be constructed, erected, removed, planted or maintained nor shall any addition to or any change or alteration therein be made until the plans and specifications showing the nature, kind, shape, height, materials, floor plans, color scheme and the location of same shall have been submitted to and approved in writing by the ACC in accordance with Division 3.10 of this Article 3. Any change in the outward appearance of any Improvement, including, but not limited to, repainting the same in a different color, adding decorative sculptures or art work, wrought iron grills, changing in any manner the exterior appearance or the like, shall also require approval in writing by the ACC before any work is commenced. No Owner shall do any act or any work that will impair the structural soundness or integrity of another residence or impair any easement or hereditament, or do any act or allow any condition to exist which will adversely affect other Lots, Improvements or Owners.

Division 3.4 Duties and Functions of ACC. The duties, powers and responsibilities of the ACC shall be as follows:

Section 3.4.1. Plan Approval. The ACC shall have the right of specific approval or veto of all architectural, engineering, platting, planning and landscaping aspects of any Improvement, as well as the general plan for development of any individual Lot within the Properties. All construction and development within the Properties is subject to local government control; provided, further, that the ACC may, in its sole discretion, impose standards of architectural and landscaping design, Setback Lines or a plan for development, which standards are greater or more stringent than standards prescribed in applicable building, zoning, planning or other governmental codes. Such approval may be subject to special conditions or requirements, including, without limitation, the date upon which all Improvements are to be completed. The Architectural Control Committee shall be the sole authority for determining whether proposed structures and modifications of proposed structures comply with applicable covenants, conditions, and restrictions and are in harmony of external design with existing structures and the overall plan of development of the Properties.

Section 3.4.2. Disapproval. The ACC shall have the right to refuse to approve any plans and specifications which are not suitable or desirable, in its sole opinion and absolute discretion, for aesthetic or any other reasons. In approving or disapproving such plans and applications, the ACC shall consider the suitability of the proposed Improvements and materials of which the same are to be built, the site upon which it is proposed to be erected, the harmony thereof with the surrounding area and the effect thereof on adjacent or neighboring Lots. As examples, and not by way of limitation, the ACC may impose limits upon the location of window areas of a Living Unit which would overlook the enclosed patio area of an adjacent Living Unit, or the location and height of a proposed Improvement that would materially interfere with the views of an adjacent Living Unit. Also, the ACC is permitted to consider technological advance in design and materials and such comparable or alternative techniques, methods or materials may or may not be permitted.

Section 3.4.3. Period for Construction. Unless specifically excepted in writing by the ACC, all Improvements shall be completed within a reasonable time from the date of commencement of such Improvements or within the time established by the ACC in the event that the approval is so conditioned.

Section 3.4.4. Setback Lines. The ACC shall in all cases have the right to determine and designate Setback Lines necessary to conform to the Plat and this Declaration in order to preserve the integrity of the Properties. The ACC's judgment and determination shall be final and binding with respect to the establishment of all Setback Lines.

Section 3.4.5. Inspection. There is specifically reserved unto the ACC the right of entry and inspection upon any Lot for the purpose of determination by the ACC whether there exists any construction of any Improvement which violates the terms of any approval by the ACC or the terms of this Declaration, Plat or any amendment thereto.

Section 3.4.6. Authority. A majority of the ACC may take any action for the ACC and may designate a representative to act for it. In the event of death, disability, removal or resignation of the Chairman of the ACC, the Appointing Authority shall designate a successor. The ACC is specifically empowered to enforce the provisions of this Declaration, the conditions of all ACC approvals and all amendments to the Declarations by any legal or equitable remedy, and in the event it becomes necessary to resort to litigation to determine the propriety of any constructed Improvement, or to remove any unapproved Improvement, the prevailing party shall be entitled to recovery of all court costs, expenses and reasonable attorney's fees (as limited by the Texas Property Code) in connection therewith.

Section 3.4.7. Release. In each instance where Improvements have been erected, or the construction thereof is substantially advanced, in such manner that the same violates the

restrictions contained in this Declaration, Plat, RDG, ACC approvals or any other covenants which the ACC has the power to enforce, or in such manner that the same encroaches on any easement, Common Area, or Setback Line, the ACC reserves the right (but shall not be obligated in any manner) to release such Lot from the restriction which it violated and to grant an exception to permit the encroachment or violation so long as the ACC, in the exercise of its good faith discretion, determines that the release or exception will not materially and adversely affect the health, safety and appearance of the Properties. The ACC has the right, but not the obligation, to grant waivers for minor deviations and infractions of this Declaration.

Section 3.4.8. Residential Design Guidelines. The ACC may promulgate the guidelines by a majority vote, as it, in its sole discretion, deems proper to govern the submission of plans and specifications, including a requirement of design submission in phases, as well as format and content. All amendments, supplements, revocations and modifications shall also require a majority vote of the ACC. **Prior to acquiring any interest in a Lot, each prospective purchaser, transferee, mortgagee, and owner is strongly encouraged to contact the Architectural Review Committee to obtain and review the most recent Residential Design Guidelines which will control the development, construction and use of the Lot. The Residential Design Guidelines may contain standards, requirements, or limitations in addition to those expressly set forth or referred to in this Declaration and more stringent standards, requirements, or limitations than any specific standard, requirement or limitation set forth or referred to in this Declaration.**

Section 3.4.9. Variance. Subject to standards set forth in this Declaration, the ACC shall have the authority to grant variances from the provisions of its promulgated rules when in the opinion of the ACC, such variance is justified due to functional, aesthetic, or unusual or unforeseen circumstances. All variances granted must be approved by the ACC and must be evidenced by written instrument, in recordable form, and attached to a copy of the plan(s) approved by the ACC. If a variance is granted, no violation of the promulgated rules shall be deemed to have occurred with respect to the provision(s) for which the variance was granted, provided that the development of the Lot affected by the variance is in compliance with all details, set forth on the approved plans and specifications.

Section 3.4.10. Nonconforming and Undeveloped Improvements. The Board of Directors may require any Owner to restore such Owner's Improvements to the condition existing prior to the construction thereof (including, without limitation, the demolition and removal of any unapproved Improvement) if such Improvements were commenced or constructed in violation of this Declaration, including the Residential Design Guidelines, and the covenants, conditions, and restrictions set forth in any applicable Supplemental Declaration.

Division 3.5 Submittal to ACC. The ACC shall have the authority to adopt, as part of the RDG, submittal requirements covering procedures to be followed by all Owners or prospective Owners in connection with obtaining ACC approval for constructing Improvements on a Lot. No construction of Improvements shall be commenced unless all required approvals have been obtained from the ACC and all fees established shall have been paid.

Division 3.6 Basis for Approval. Among other matters, the ACC shall consider the proposed topography, finished grade elevation, and the general appearance of the proposed Improvements as may be determined from the front, rear, and side elevations on submitted plans. The ACC's objective is to prevent unusual, radical, uncommon, curious, odd, extraordinary, bizarre, peculiar, or irregular designs or appearances from being built on, in and/or within the Properties and, to the extent possible, ensure the harmonious development of the Properties in conformity with the common plan and design. The ACC is not required to police or enforce compliance with such considerations as minimum size, setbacks, or other specific, objective construction requirements. There shall be no review of any action of the Architectural Control Committee except by procedures for injunctive relief when such action is patently arbitrary and capricious; and under no circumstances shall such ACC, or any of its members, be subject to suit by anyone for damages.

Division 3.7 Failure to Act. In the event the Architectural Control Committee fails to approve or disapprove such plans and specifications or Contractor within thirty (30) days after the plans and specifications and the names of the Contractor have been submitted to it, approval will not be required and the provisions of this Division will be deemed to have been fully complied with. In the event approval is based on the ACC's failure to respond, approval shall be valid for a period of six (6) months from the date of complete submission to the ACC.

Division 3.8 Limitation of Liability. Neither Declarant, the Association, nor the ACC, shall be liable in damages or otherwise to anyone submitting plans and specifications for approval or to any Owner affected by the Declaration by reason of mistake of judgment, negligence, or nonfeasance arising out of or in connection with the approval or disapproval or failure to approve or disapprove any plans or specifications.

Division 3.9 Approved Contractors. No construction of any building, fence, wall, recreational facilities, landscaping or other structure or Improvements shall be commenced on, in, or within the Properties until the primary contractor engaged to perform such construction shall have been approved in writing by the Architectural Control Committee.

Division 3.10 Approvals in Writing. All matters requiring approval of the Architectural Control Committee whether or not specifically addressed hereinabove or hereinbelow shall require that such approval be in writing.

Division 3.11 Certificate of Compliance. Upon completion of any Improvement approved by the Architectural Review Committee and upon written request by the Owner of the Lot, the Architectural Review Committee shall issue a Certificate of Compliance in a form suitable for recordation. The Certificate shall identify the Lot and the Improvements, the use or uses to be conducted thereon, and the Plans and Specifications on file with the Architectural Review Committee pursuant to which the Improvements were made and shall specify that the Improvements comply with the approved Plans and Specifications. The Certificate shall not be construed to certify the acceptability, sufficiency or approval by the Architectural Review Committee of the actual construction of the Improvements or of the workmanship or material thereof. The Owner is hereby notified that the Certificate in no way warrants, except as set forth above, the sufficiency, acceptability or approval by the Architectural Review Committee of the construction workmanship, materials or equipment of the Improvements. Preparation and recordation of such a Certificate shall be at the expense of the Owner of the Lot.

Division 3.12 No Liability. Neither Declarant, the Association, the ACC, the Board of Directors, nor the officers, directors, members, employees or agents of any of them, shall be liable in damages to anyone submitting plans and specifications to any of them for approval, or to any Owner by reason of mistake in judgment, negligence, or nonfeasance arising out of or in connection with the approval or disapproval or failure to approve or disapprove any such plans or specifications. Every Person who submits plans or specifications and every Owner agrees that the Person will not bring any action or suit against Declarant, the Association, the ACC, the Board of Directors or the officers, directors, Members, employees or agents of any of them, to recover any such damages and hereby releases, remises and quitclaims all claims, demands and causes of action arising out of or in connection with any actual or alleged mistake of judgment, negligence or nonfeasance and hereby waives the provisions of any law which provides that a general release does not extend to claims, demands and causes of action not known at the time the release is given. Approval of plans and specifications by the ACC is not approval thereof for engineering or structural design or adequacy of materials. By approving such plans and specifications, neither the ACC, the members of the ACC, the Declarant, the Association, nor the Board of Directors assumes liability or responsibility for safety or adequacy of design, nor for any defect to any structure constructed from such plans and specifications.

Article IV.

Section 4.1.2 Insurance. To the extent, if any, that applicable federal law or FCC regulations may affect the ability of this Declaration and the ACC to regulate the placement and required screening of satellite discs and dishes, this provision shall be given full force and effect to empower the ACC to exercise such powers with regard to such placement and/or screening as may be permissible under such conflicting federal law or FCC regulation.

Section 4.5.4 Oil and Mining Operations. No oil or natural gas drilling, oil or natural gas development or oil refining or quarrying, or mining operations of any kind shall be permitted upon any portion of the Properties, nor shall oil, natural gas, water wells, tanks, tunnels, mineral excavations or shafts be permitted upon, in or within any portion of the Properties. Section 4.6.3 Oak Wilt. All Owners are advised to secure from the Texas Forest Service, the Texas Extension Forester at Texas A&M University or its local county agent information on oak wilt and other diseases which may infect their trees and possibly spread to trees on other Lots. Each Owner is responsible for taking such action as may be necessary on his property to ensure that oak wilt and other diseases are not spread to the trees of other Owners. Because there is no known cure for oak wilt and oak wilt almost always spreads from a diseased tree to its neighboring oak trees, each Owner shall properly destroy all infected oak trees, avoid unnecessary pruning, and shall immediately apply dressing to all

wounds on all oak trees. If oak wilt is detected, a minimum of 100 feet of the area surrounding the infected oak tree shall be trenched at least three feet (3') deep so as to prevent the oak wilt from spreading through connecting roots. Oak trees are most susceptible to oak wilt from February 1 to June 1. As a precaution, Owners should (i) avoid using firewood from infected oak trees, (ii) dispose of unused oak firewood after one heating season, and (iii) cut firewood only in the summer. Owners should use fungicide propiconazole to treat uninfected oaks when first informed of oak wilt being present on nearby trees. The foregoing information regarding oak wilt is provided to alert Owners and neither Declarant or the Association shall be liable to any Owner in connection with the existence or spread of oak wilt on any Lot.

Section 4.6.4 Maintenance of Easements. If, in the reasonable opinion of the Board, any such Owner or occupant has failed in any of the foregoing duties or responsibilities, the Board may give such Person written notice of such failure and such Person must within ten days after receiving such Notice, perform the care and maintenance required. Should any such Person fail to fulfill his duty and responsibility within such period, the Board shall have the right to authorize its agent or agents to enter on the Lot and perform such care and maintenance without any liability whatsoever for damages for wrongful entry, trespass or otherwise to any Person. The Owners and occupants of the Lot on which such work performed shall be jointly and severally liable for the cost of such work and shall promptly reimburse the Association for such costs. Further, the cost of such work shall constitute an Individual Assessment against the specific Lot on which said work was performed with the approval of the Board. If such Owner or occupant shall fail to reimburse the Association within thirty days after receipt of a statement for such work, said indebtedness shall be a debt of all Person jointly and severally.

Section 4.6.6 Maintenance of Common Areas. The Association shall maintain the Common Area and Common Facilities.

Division 4.7 Light Poles.

Section 4.7.1 Installation and Hook Up. City Public Service shall install light poles and a base on certain Lots in the Properties.

Section 4.7.2 Designation of Lots. Certain Lots will be designated to have light poles and are subject to an easement to allow the construction, realignment, inspection, repair and replacement of a street light and electric lines.

Division 4.8 Governmental and Environmental Concerns.

It is the intent of the ACC to encourage the construction of homes of good architectural design, quality and size which will enhance the livability for all residents of Enclave in the Woods Subdivision.

5. The compliance with laws, ordinances, rules and regulations of any county, state, municipal or other governmental authority.

The ACC shall approve or disapprove the plans in accordance with the following procedures:

If construction does not commence within six months from such approval, owner shall not begin construction of any building or improvement of any kind unless the corresponding plans and original contractor have been resubmitted and reapproved by the ACC.
 3. If the plans are disapproved by the ACC, one set of such plans shall be returned marked "Disapproved". Disapproved plans shall be accompanied by reasons of disapproval and corrections required for approval.
 4. If the ACC fails to indicate its approval within thirty days after receipt of plans, it will be deemed that the ACC has approved such plans or original contractor.
